REASONS FOR ALLOWANCE

1. Claims 1-32 allowed.
2. The following is an examiner's statement of reasons for allowance:

Claim 1 recites, inter alia, *the first inductive coupler at the first end of one of the plurality of drill pipes is cooperatively arranged to be in magnetic but not in electrical communication with the second inductive coupler at the second end of another of the plurality of drill pipes.*

Claim 17 recites, inter alia, *the first one of the plurality of inductive couplers at the first end of one of said joints is cooperatively arranged to be in magnetic but not in electrical communication with the second one of the plurality of inductive couplers at the second end of another of said joints.*

The references of record do not teach or suggest the aforementioned limitation, nor would it be obvious to modify those references to include such limitation.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
